

IGNATIUS LEARNING CENTRE CHILD SAFETY AND WELLBEING POLICY

1. INTRODUCTION

At the Ignatius Learning Centre (ILC), we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. ILC is a Catholic school in the Jesuit tradition. We are guided by values of being welcoming, discerning and courageous.

By providing an education that fosters responsibility and transformation, ILC restores hope, offers a sense of belonging, and enables students to flourish and reach their potential. The School aims to divert young people at risk of incarceration, through engagement in meaningful education. We foster life-long learning by providing a holistic education, enabling students to heal, learn and experience success in a safe and supportive learning environment. Students are encouraged to acknowledge and develop their inner knowledge and skills through a process of reflecting on experience, discernment, and making life-giving choices for themselves, others and our world.

ILC is committed to providing a child safe environment where children and young people are safe and feel safe, their voices are promoted and they are heard about decisions that affect their lives. ILC is committed to acting in children's best interests and keeping them safe from harm. We regard our child protection responsibilities with the utmost importance. All allegations and safety concerns will be treated seriously and consistently in accordance with our robust policies and procedures. We commit to providing the necessary resources to ensure compliance with all relevant child safety and child protection laws and regulations and maintain a child safe culture.

The Ignatius Learning Centre has zero tolerance for child abuse.

2. PURPOSE

The purpose of this Policy is to demonstrate the strong commitment of ILC to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures, actions and strategies that will be implemented to ensure that a child safe culture is championed and modelled at all levels of the school, to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This Policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Child Safe Standards as set out in Ministerial Order No. 1359.

This Policy applies to school staff, including school employees, volunteers, and contractors. It should be read in conjunction with the following related school policies and procedures:

1. PROTECT: Identifying and Responding to Abuse – Reporting obligations
2. Child Safety Code of Conduct
3. Reportable Conduct Policy.
4. Jesuit Social Services Code of Conduct.

3. PRINCIPLES

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard, and they are safe and feel safe (CECV Commitment Statement to Child Safety).

The following principles underpin our commitment to child safety and wellbeing at ILC:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and wellbeing and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/carers.
- All adults in our school, including teaching and non-teaching staff, volunteers and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing, to identify and mitigate risks related to child safety and wellbeing in the school environment and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- All members of the school community (including students and their families) are kept informed of child safety and wellbeing matters (where appropriate) and are involved in promoting child safety and wellbeing.
- Staff, volunteers, contractors, parents and students should feel free to raise concerns about child safety and wellbeing, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally (including under legislated information sharing schemes being Child Information Sharing Scheme (CISS) or Family Violence Information Sharing Scheme (FVISS)) or pastorally.
- when creating a child safe environment, ILC takes into account the needs of all children, including Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable.

4. DEFINITIONS

Child means a child or young person who is under the age of 18 years.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the *Crimes Act 1958* (grooming)
- (b) the infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child.

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to suspicions, incidents, disclosures or allegations of child abuse (Ministerial Order No. 1359).

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Child physical abuse generally consists of any non-accidental infliction of physical violence on a child by any person (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Mandatory reporting: The legal requirement under the *Children, Youth and Families Act 2005* (Vic.) to protect children from harm relating to physical and sexual abuse. The Principal, registered teachers and early childhood teachers, school counsellors, people in religious ministry, medical practitioners and nurses at a school are mandatory reporters under this Act (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Reasonable belief – mandatory reporting: When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a reasonable belief. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof, but is more than mere rumour or speculation. A reasonable belief is formed if a reasonable person in the same position would have formed the belief on the same grounds (PROTECT: Identifying and responding to all forms of abuse in Victorian schools).

Reasonable belief – reportable conduct scheme: When a person has a reasonable belief that a worker/volunteer has committed reportable conduct or misconduct that may involve reportable conduct. A reasonable belief is more than suspicion and there must be some objective basis for the belief. It does not necessitate proof or require certainty.

NOTE: the difference between the reasonable belief definitions under mandatory reporting and the reportable conduct scheme is the category of persons who are required to, or can, form the reasonable belief which forms the basis for a report.

Reportable conduct: Five types of reportable conduct are listed in the *Child Wellbeing and Safety Act 2005* (Vic.) (as amended by the *Children Legislation Amendment (Reportable Conduct) Act 2017*). These include:

1. sexual offences (against, with or in the presence of a child)
2. sexual misconduct (against, with or in the presence of a child)
3. physical violence (against, with or in the presence of a child)
4. behaviour that is likely to cause significant emotional or psychological harm
5. significant neglect.

School environment means any of the following physical, online or virtual places used during or outside school hours:

- a campus of the school
- online or virtual school environments made available or authorised by ILC for use by a child or student (including email, intranet systems, software, applications, collaboration tools and online services)
- other locations provided by the school or through a third-part provider for a child or student to use including, but not limited to, locations used for school camps, approved homestay accommodation, delivery of education and training, sporting events, excursions, competitions and other events) (Ministerial Order No. 1359).

School staff means an individual working in a school environment who is:

- directly engaged or employed by a school governing authority
- a contracted service provider engaged by MACS (whether or not a body corporate or any other person is an intermediary) engaged to perform child-related work for ILC
- a minister of religion, a religious leader or an employee or officer of a religious body associated with MACS (Ministerial Order No. 1359).

Volunteer means a person who performs work without remuneration or reward for ILC in the school environment.

7. EXPECTATION OF OUR SCHOOL STAFF AND VOLUNTEERS – CHILD SAFETY CODE OF CONDUCT

At ILC, we expect school employees, volunteers and contractors to proactively ensure the safety and wellbeing of students at all times, to identify concerns about child safety and wellbeing and to take appropriate action if there are concerns about the safety and wellbeing of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection, and comply with all requirements. We have developed a Child Safety Code of Conduct [ILC Child Safety Code of Conduct \(jss.org.au\)](https://www.jss.org.au) which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers and contractors for appropriate behaviour with children in order to safeguard them against abuse and/or neglect.

Our Code also protects school staff and volunteers through clarification of acceptable and unacceptable behaviour.

8. STUDENT SAFETY AND PARTICIPATION

At ILC, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report their concerns. We listen to and act on any concerns students, or their parents or carers, raise with us.

The curriculum design integrates appropriate knowledge and skills to enhance students' understanding of being safe, as well as their understanding of their rights to safety, information and participation. Teaching and learning strategies that acknowledge and support student agency and voice are implemented. We ensure that students are offered access to sexual abuse prevention programs and to relevant related information in an age-appropriate way.

We have developed appropriate education about:

- standards of behaviour for students attending our school
- healthy and respectful relationships (including sexuality)
- resilience
- child abuse awareness and prevention.

We have also developed curriculum planning documents that detail the strategies and actions the school takes to implement its obligations to ensure that:

- children and students are informed about all of their rights, including to safety, information and participation
- the importance of friendship is recognised and support from peers is encouraged, to help children and students feel safe and be less isolated
- staff and volunteers are attuned to signs of harm and facilitate child-friendly ways for children and students to express their views, participate in decision-making and raise their concerns
- we have strategies in place to develop a culture that facilitates participation and is responsive to the input of children and students
- we provide opportunities for children and students to participate and are responsive to their contributions to strengthen confidence and engagement
- students are offered access to sexual abuse prevention programs and to relevant information in an age-appropriate way.

9. REPORTING AND RESPONDING

Our school creates records relevant to any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and maintains and disposes of those records in accordance with security and privacy requirements and Public Record Office Victoria Recordkeeping Standards (including minimum retention periods). Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.), the *Child Wellbeing and Safety Act 2005* (Vic.) and the recommendations of the *Betrayal of Trust* report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's PROTECT: Identifying and Responding to Abuse – Reporting obligations – refer to Child Safety Reporting Obligations Policy updated on 01/07/22 sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a reasonable belief is formed under the reportable conduct scheme as well as mandatory reporting
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law, and their legal obligations relating to child abuse and grooming under criminal law
- understand and comply with information sharing and recordkeeping obligations
- comply with reporting obligations under the reportable conduct scheme including obligations to report and investigate allegations of reportable conduct.

Our school has also established additional internal procedures and processes to help ensure that appropriate action is taken to prevent, identify and respond to concerns about the wellbeing and/or safety of a student.

Our school is a prescribed Information Sharing Entity (ISE) meaning that, where legislated requirements are met, it is able to share confidential information with other ISEs to promote child wellbeing or safety under the CISS or FVISS.

At ILC, if any member of our school community has concerns for a child's safety they need to discuss, they can notify the school Principal, the Deputy Principal or the designated Child Safety and Wellbeing Lead/Officer.

If the Principal or Child Safety and Wellbeing Officer is not available, then it should be discussed with a member of the school leadership team. Alternatively, any member of the school community may report directly to the responsible authority.

The staff member, supported by the Principal or designated Child Safety and Wellbeing Officer will follow the step-by-step guide to making a report as outlined in the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#).

10. SCREENING AND RECRUITMENT OF SCHOOL STAFF

ILC will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and wellbeing and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety and Wellbeing Policy.

Each job description for staff involved in child-connected work has a clear statement that sets out the requirements, duties and responsibilities regarding child safety and wellbeing for those in that role and the occupant's essential qualifications, experience and attributes in relation to child safety and wellbeing.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we ensure that we gather, verify and record the following information about any person we propose to engage:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any essential or relevant professional or other qualifications
- verify the applicant's history of work involving children

- obtain references that address the applicant's suitability for the job and working with children.

We will also ensure that appropriate supervision or support arrangements are in place in relation to the induction of new school staff into the school's policies, codes, practices and procedures governing child safety and wellbeing and child-connected work.

We have procedures and processes for monitoring and assessing the continuing suitability of school staff and volunteers to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

ILC will implement the following CECV guidelines:

- *Guidelines on the Employment of Staff in Catholic Schools*
- *Guidelines on the Engagement of Volunteers in Catholic Schools*
- *Guidelines on the Engagement of Contractors in Catholic Schools*
- *NDIS/External Providers: Guidelines for Schools.*

The ILC has developed a set of Child Safe Human Resource Practices specific to the ILC to ensure our staff have opportunities to develop and maintain skills to ensure child safety at the ILC. ILC supports our staff through ongoing supervision to: develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal and Torres Strait Islander children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability or who are vulnerable.

11. CHILD SAFETY AND WELLBEING – EDUCATION AND TRAINING FOR SCHOOL STAFF

ILC provides employees, volunteers and with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety and wellbeing matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

At least annually, our professional learning and training addresses:

At ILC, we are committed to ensuring that equity is upheld, and that diverse needs are respected in policy and practice. We aim to ensure that:

- all school staff and volunteers understand the diverse circumstances of children and students
- our school provides support and responds to vulnerable children and students
- children, students, staff, volunteers and the school community have access to information, support and complaints processes in ways that are culturally safe, accessible and easy to understand
- the school pays particular attention to the needs of students with disability, students from culturally and linguistically diverse backgrounds, students who are unable to live at home, international students, and LGBTIQ+ students
- the school pays particular attention to the needs of Aboriginal students and provides and promotes a culturally safe environment for them through mandatory training and requirements to acquire and maintain the necessary skills and competencies in these areas

The ILC uses the following resources to support diversity and equity obligations:

- families, carers and other members of the school community are informed about the operations and governance of the school in relation to child safety and wellbeing.

14. RISK MANAGEMENT

At ILC, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

The ILC proactively manages the risk of abuse to children in addition to managing occupational health and safety risks.

The ILC has a documented approach to prevent, detect and respond to child safety risks, which involves the implementation of a child safe risk management framework developed for use by the Jesuit Social Services Board, Principal and key ILC staff members. This includes child abuse risks, as well as risks of harm to children that arise in the physical school environment and online environments. It includes steps for ongoing monitoring and evaluating of risks in light of the risk controls currently in place, and their effectiveness. A risk assessment register is maintained to identify and address risks and to monitor and evaluate the effectiveness of the actions the ILC takes to reduce or remove risks to child safety.

15. RELEVANT LEGISLATION

- *Children, Youth and Families Act 2005* (Vic.)
 - *Child Wellbeing and Safety Act 2005* (Vic.)
 - *Worker Screening Act 2020* (Vic.)

 2. **Failure to protect offence:** This offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
 3. **Grooming offence:** This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.
