

Plan, Plant, Propagate - Permaculture

Plan, Plant Propagate is a hands on short course in permaculture which introduces the basic principles of permaculture, horticulture and sustainability.

In this course you will learn about:

- Propagating indigenous plants
- Growing and harvesting vegetable and herbs for the local community
- Preparing, cultivating and maintaining garden beds
- Landscaping using permaculture principles and design

Upon successful completion you will have:

- Increased knowledge of the fundamental principles of permaculture and sustainability
- Essential skills horticulture and landscaping
- A pathway into AHC20416 Certificate II in Horticulture
- A statement of participation

Eligibility: Permanent Resident and/or Australian Citizen/New Zealand Citizen and not enrolled in mainstream secondary school.

Please note: If under 17 years of age and disengaged from school, participants will need to obtain an official Transition from School Form for us to sight.
