### Who are we?

Jesuit Community College is the training arm of Jesuit Social Services ([www.jss.org.au](http://www.jss.org.au)), a not-for-profit organisation that works to build a just society where all people can live to their full potential.

Jesuit Community College is a Registered Training Organisation (TOID 21800) and Learn Local Organisation that helps people develop real skills for life, learning and work. We draw on the rich tradition of Jesuit education, committed to 'care of the whole person'. The Jesuits have been educating people in schools, community colleges and universities around the world for five hundred years.

The College is based in Collingwood and delivers training at a range of locations across Melbourne and in regional Victoria.

We deliver training in three main areas:

Jesuit Community College offers nationally recognised foundation skills qualifications and accredited courses and qualifications in literacy and numeracy (Certificate 1 in General Education for Adults (Introductory), and FSK20119 Skills for Work and Vocational Pathways).

Our short, vocational tasters are in hospitality, carpentry, English language and digital literacy.

Jesuit Community College is funded by the Victorian State Government, Department of Jobs, Skills, Industry and Regions (DJSIR) under Skills First and ACFE funding contracts to provide education and training services to disadvantaged job seekers through our Jobs Victoria Employment Service (JVES). In addition to this, our Skills First Reconnect (SFR) program assists participants in overcoming the barriers preventing them from engaging in education and training and provides support into further study and/or employment pathways. For more information, please go to [Skills First Reconnect](#)

We offer supported places funded by the Victorian Government's Skills First program and Adult Community and Further Education (ACFE) program, as well as Fee for Service courses. Eligibility criteria apply to Government supported places – see further information below or in our fact sheets.

More detailed information about our courses is set out below, and on our website.

### ***Eligibility for ACFE funded place***

For more information about eligibility for ACFE funding go to [Eligibility Requirements - Jesuit Community College](#)

## **ACCREDITED COURSES**

### ***Assessing eligibility and suitability for enrolment***

Before commencing an accredited qualification or course prospective students meet with staff from Jesuit Community College to participate in a **pre-training review**. This review provides students with information to ensure that they enrol in the qualification /course that is most suitable and appropriate to their needs and goals. At this meeting, students will also undertake a language, literacy, and numeracy assessment. This is used to assess your literacy and numeracy skills and determine if any students require additional support.

Students will also be informed about specific information relevant to the course - including delivery strategy, schedules, location, times, key contacts and assessment methods.

Jesuit Community College staff will verify your eligibility for Government subsidised training at the same time.

### ***Eligibility for a Skills First funded place***

For more information about eligibility for Victorian Government Skills First funding go to [Eligibility Requirements - Jesuit Community College](#)

Your rights and responsibilities as a student, and the fees and charges of the College, are explained below.

### ***Concessions***

The minimum tuition contribution for a course will apply to all students who are holders (listed spouse or dependents) of a current Commonwealth Health Care Card, Pensioner Concession Card or Veterans' Gold Card, and who wish to enrol and commence training in Victorian Government subsidised training.

You will need to create a USI and provide it to Jesuit Community College for verification as part of your enrolment. Please note, we are prohibited from issuing certificates and statements of attainment of nationally recognised qualifications to students who have not provided their USI.

Jesuit Community College is also required to include your USI in data we submit to the Victorian Government.

Your USI will not otherwise be disclosed without your consent unless release has been authorised by you or required by or under law.

### **Competency Based Training Principles**

Our nationally recognised training is assessed under the principles of Competency Based Training. Under these principles, competency is defined as: *“the consistent application of knowledge and skill to the standard of performance required in the workplace. It embodies the ability to transfer and apply skills and knowledge to new situations and environments.”* (National Quality Council, 2009)

### **Assessment Outcomes**

For each assessment, you will be marked as either *satisfactory* or *not satisfactory*. For each unit, you will be deemed competent or not competent. If you are deemed not satisfactory or not competent, you will be given another two attempts to resubmit the assessment. Your Trainer/Assessor will make comments on all assessments that you submit and provide feedback. You are encouraged to also make comments and discuss the outcome of the assessment with your Trainer/Assessor.

### **Guidelines for Reasonable Adjustment**

Reasonable adjustment refers to measures or actions taken to provide students with a disability with the same educational opportunities as everyone else. Examples may include offering an oral assessment to a student instead of a written one or giving a student longer time to complete an assessment. The outcome of the assessment will not alter the requirements of the unit.

Jesuit Community College is committed to provide reasonable support or special assistance to help you address any potential language, literacy and/or numeracy difficulties and/or disability that you may have.

### **Cheating and plagiarism**

Trainers/Assessors will outline this policy and procedure at your course induction. This will ensure that you thoroughly understand the concept of cheating and/or plagiarism before commencement and throughout the course.

**Cheating** is the attempted or actual practice of dishonest acts for the purpose of gaining an unfair advantage such as improving one's grade. This could be done alone or could also include assisting another student in doing so.

Some examples could be:

- copying another person's assessments

- claiming an assigned share of a team assessment, where insufficient or no contribution was made.
- stealing another student's assessment and submitting it as one's own work.

**Plagiarism** is to take and use the ideas and/or expressions and/or wording of another person or organisation, and then pass them off as one's own, or by failing to give appropriate acknowledgement. This includes material from any sources such as staff, students, texts, resources, and the internet, whether published or unpublished.

You will be asked to sign a declaration for each assessment you hand in stating:

- that the assessment is your own work based on your personal study and or research and not the work of another student and/ or source
- that you acknowledge all materials and sources used in your response
- and that you have not plagiarised or copied any part of this assessment from the work of any other student or source.

If you are found to have cheated or plagiarised, you will be deemed Not Yet Satisfactory or Not Yet Competent for the assessments. Your Trainer/Assessor will discuss this with you and the Training and Administration Manager.

Student feedback is a key component in the review and continuous improvement of our courses.

### ***Complaints and Appeals Policy and Procedure***

Policy and procedures for Complaints and Appeals is available from our website [Complaints and appeals - Jesuit Community College](#)

### ***Definition of Complaints and Appeals***

'Complaints' refer to any issue a person might have with any aspect of our services;

'Appeals' refer to appeals against any of our decisions, including assessment decisions.

- Anyone associated with our organisation has the right to bring a complaint and to appeal to our decisions.
- We support informal, consultative processes to resolve issues wherever possible, but we also have processes to deal with formal complaints and appeals.
- We will treat all people involved in any complaints process fairly and reasonably in line with the principles of natural justice.
- We will treat all complaints and appeals in confidence.
- We will promptly act on any substantiated complaint, with the action in line with the seriousness of the complaint.
- We will follow the *National Guideline for Responding to Complaints about Vocational Education and Training Quality*.
- Anyone who wishes to make a complaint to the ASQA about the Jesuit Community College can contact the ASQA on 1300 701 801 or through their website: [www.asqa.gov.au/complaints](http://www.asqa.gov.au/complaints)
- Students and employees are encouraged to raise complaints as soon as possible with Trainer/Assessor.

If the complainant is not satisfied with the outcome of the informal process, or finds it difficult to approach others informally, they may submit the issue in writing (this becomes a 'formal complaint').

### ***Formal Complaints***

When a student wishes to bring a formal complaint, this procedure will be discussed with them, and their options and choices clearly communicated. At this time, they can choose to have their complaint heard through the internal process or the external process and can choose to have someone be with them.

Formal resolution of a complaint involves the following steps.

1. Complaints must be made in writing to the Training and Administration Manager using the Complaint form which is available on the Jesuit Social Services website under Complaints and Appeals section: [Complaints and appeals - Jesuit Community College](#)
2. The Training and Administration Manager will offer the complainant the opportunity to formally present their case with another person of their choice to assist if required.
3. The person who hears the complaint will discuss processes for investigation and resolution with the person who brought the complaint.
4. Others involved will be provided with a right of reply to the complaint, and mediation might be involved if appropriate.
5. Once a decision has been decided by the person hearing the complaint, it will be discussed with the person bringing the issue forward and put in writing to that person and others as applicable. All resolutions will include clear timelines for any action.
6. The Training and Administration Manager will follow up within an agreed timeframe to ensure the resolution is working.
7. Jesuit Community College will complete the process within 7 days of receiving the complaint. If this is not possible, the Training and Administration Manager will provide a written notice to the complainant nominating a date for the completion of the process.

### ***Independent agencies***

While we prefer to deal with complaints internally, sometimes students might not be happy with this process. The complainant may choose to have their complaint resolved through the external process either at the beginning, or at any time throughout the resolution process.

Students also have the right to contact the Jesuit Community College regulatory body Australian Skills Quality Authority (ASQA).

The Training and Administration Manager will ensure all records are kept as hard copy in a lockable filing cabinet in the Training and Administration Manager's office. They also may be kept electronically under a password protected file.

### ***Appeals process***

Anyone can appeal any of our decisions by providing information in writing to the Training and Administration Manager, preferably as soon as possible after the decision.

If a student disagrees with an assessment decision, including RPL, they are encouraged to discuss this with their assessor in the first instance. However, they may make a formal appeal concerning the decision through the formal complaints procedure.

The student may choose to follow the internal appeals process or seek external support for an appeals process (for example, Worksafe).

- An appeal about an assessment decision should be provided in writing to the Training and Administration Manager within 7 days of receiving notice of the assessment outcome. The appeal must include details of: the unit or units of competency; the assessment time and place; why there is an appeal and any further information or evidence to support the appeal.
- The Training and Administration Manager will offer a reassessment with another internal assessor. If this is not satisfactory to the appellant, the appeal will be referred to an assessor from another RTO.
- The assessor will reassess the student (or review evidence presented) and make a judgment.
- Appeals about any other matter will be handled in line with Jesuit Social Services complaints and appeals procedures.
- We will attempt to complete the appeals processes within 7 days of receiving the appeal notification. If a longer period of time is required, the Training and Administration Manager must inform the appellant in writing, including the new date for the completion of the appeal.

### *Appeals decisions and records*

- The Training and Administration Manager will provide the outcomes of the appeal in writing to the person bringing the appeal, including reasons for the decision. A copy of the will be kept on the relevant personal files.
- The complaint will also be registered on the Jesuit Community College Complaints and Appeals register.
